WHAT STUDENTS HAVE TO SAY

“What I like best about Dining services is the friendly staff. They greet you with open arms (6 feet distance during this time) and provide a great visit every time I visit a dining service.”

“I like the accessibility of services provided by SHS, it's always easy to get in contact with someone who can help me with my needs and I feel that I can easily get access to services in a timely manner.”

“Our maintenance staff has been incredible the whole time I've lived in graduate housing. Our common areas are impeccably clean and I see them tirelessly working day to night on keeping things clean, safe, and beautiful for us.”
